

Vienna, November 2022

**THANK YOU from all of us at Stiftung Kindertraum!**

Dear Mr. Schick,

thank you very much for your commitment and your long-standing support! With your valuable and generous contribution, you are fulfilling the heartfelt childhood dream of Luisa from Vienna this year and thus giving new confidence to a child with a serious illness – for this we would like to thank you from the bottom of our hearts.

We wish you and your business partners fragrant cinnamon stars and magical moments around the holidays and look forward to a new year together!

Best wishes, Stiftung Kindertraum

**Fulfilled children's dreams mean security and warmth ...  
and always a little bit of bliss.**

3-year-old Luisa - who lives with massive developmental and perceptual difficulties - benefits from remedial education. Among other things, Luisa learns to communicate with the help of picture cards and can thus express her needs and wishes. This makes her more self-confident and better able to engage in the playful sessions. She and her parents are very happy about these first successes. This targeted therapy method focuses on the structuring of all exercise sequences and a motivational system specially adapted to the child. The program is adapted to Luisa's needs and interests and is also geared to her personality.
